Our Capabilities

1. ELITE MOBILE SECURITY TEAMS

At SAHAL SECURITY SERVICES, we offer qualified, licensed, and fully trained mobile security teams, ensuring the safe and secure movement of stores, equipment, and personnel in high-risk, uncertain, and hostile environments. Our vehicles and crews are equipped to meet your security requirements, providing unparalleled protection and logistical support.

Our expertise extends beyond basic security services. We offer a comprehensive range of complementary services, including ground study and route analysis for all movements, contingency planning, journey management, advanced communications equipment, and first-line medical support. This holistic approach ensures that every aspect of your security needs is meticulously planned and executed.

Equipped with a team of over 40+ highly trained security professionals, SAHAL SECURITY SERVICES is always ready to deploy, offering the highest level of protection. Some of our units currently secure the Sahal Terminal on Airport Road, KM4, Mogadishu, Somalia. This crucial terminal, located outside the airport, serves as the main entrance for the general public, ensuring the safety and security of all visitors and travelers.

Our Capabilities

2. VIP PROTECTION SERVICES

Our VIP Protection Services offer comprehensive and elite security solutions for high-profile individuals. We understand the unique challenges and risks associated with protecting VIPs, and our dedicated team ensures the utmost safety and peace of mind for our clients.

Our VIP protection team consists of highly trained and experienced security personnel with backgrounds in military, law enforcement, and intelligence. They are skilled at handling a wide range of security scenarios with precision and discretion. Recognizing that each client has unique needs, we conduct thorough risk assessments to develop personalized security plans tailored to specific requirements. This meticulous planning ensures comprehensive safety measures are in place.

Our services include 24/7 close protection, secure transportation with a fleet of bulletproof luxury vehicles rated at levels B6 and B7, and advanced threat assessment using state-of-the-art technology and intelligence resources. Our proactive approach allows us to identify and mitigate potential risks, providing a secure environment for our clients.

Operating with the highest level of professionalism and discretion, we maintain the privacy and confidentiality of our clients, ensuring a seamless and unobtrusive security presence. In addition to personal protection, we offer supplementary services such as secure accommodations, travel planning, and event security, addressing all aspects of our clients' safety and well-being.

Our Capabilities

3. VEHICLE AND EQUIPMENT SUPPLY

We offer a wide range of vehicles and equipment available for both daily rentals and long-term leasing. Our fleet is designed to meet diverse needs, providing secure and reliable transportation solutions for any situation.

Our selection includes bulletproof luxury cars with B6 and B7 levels, ensuring maximum protection for high-risk environments. These vehicles combine advanced security features with the utmost comfort and style, making them ideal for VIPs and high-profile individuals who require enhanced safety.

In addition to our bulletproof options, we also provide non-bulletproof cars that offer mobility, reliability and efficiency for everyday use. Whether you need transportation for business, personal use, or specific security requirements, we have the right vehicle to suit your needs.

Our equipment supply extends beyond vehicles, offering a variety of security and logistical equipment necessary for safe and efficient operations. From communication devices and surveillance systems to first aid kits and protective gear, our inventory is equipped to support a wide range of security and operational needs.

Our Capabilities

4. FACILITIES AND INSTALLATIONS SECURITY

At SAHAL SECURITY SERVICES, we offer comprehensive Facilities and Installations Security for clients who require robust protection for their assets. Our services ensure round-the-clock security for your equipment, facilities, and buildings. We provide both armed and unarmed security personnel who can be discreetly stationed on or near your premises, or for a more visible deterrent, positioned at entrances and checkpoints in full combat equipment.

Our static security teams are dedicated to patrolling and inspecting properties to protect against fire, theft, vandalism, terrorism, and illegal activities. Utilizing radio and telephone communications, our personnel maintain constant contact with our 24-hour Operations Centre located within the Green Zone sector of Mogadishu Airport, ensuring immediate response and coordination for any incident.

We tailor our security solutions to meet the specific needs of each client, providing either a visible security presence to deter potential threats or operating discreetly to monitor and protect. Our team is equipped to handle a wide range of security challenges with professionalism and expertise.

Our Capabilities

5. RISK MANAGEMENT

We understand that effective risk management is crucial for maintaining the safety and security of our clients. Our comprehensive risk management services are designed to identify, assess, and mitigate potential threats, ensuring a proactive approach to security.

Our team of experts conducts thorough risk assessments to evaluate vulnerabilities and potential risks to your operations. By analyzing various factors, including environmental, operational, and strategic risks, we develop tailored risk management plans that address the unique needs of each client.

We utilize advanced technology and intelligence resources to stay ahead of emerging threats, providing you with up-to-date information and insights. Our proactive strategies include contingency planning, crisis management, and emergency response protocols, ensuring that you are prepared for any situation.

Our risk management services also encompass continuous monitoring and evaluation, allowing us to adapt and refine our strategies as needed. This dynamic approach ensures that we can effectively respond to changing conditions and evolving threats.
